

The diagram features a large, light gray trapezoidal area representing a communication system. Inside this area, at the bottom center, is a red hexagon labeled "Satellite Communication". This hexagon is connected to a rectangular box below it by two vertical lines. A horizontal dashed line runs across the entire width of the diagram, passing through the bottom of the rectangular box. The word "Communication" is written in a large, black, sans-serif font in the upper left portion of the gray trapezoid.
